

Pellet stove fully clad in Majolica, in the following colours: Bianco Meringa, Bordeaux, Terra Oriente, Verde Mirto, Canapa or Blu Verdemare. Cylindrical-shaped door with flush curved glass. A revolutionary high-performance combustion chamber heats the Majolica surfaces from the inside. Also available in the Hermetic version. Front, adjustable vent.

Trend Power System

Dual motors on part of the range to obtain the ideal flow of hot air to various rooms. The flow capacity of the combined fans can be modulated separately, based on the length of the ducting system. The temperature can be set separately in the living area and in the sleeping area.

Multifuoco® System

Stoves in the Trend line are fitted with **Multifuoco®**, the **forced ventilation system**, patented by **Piazzetta**, that heats a room evenly and quickly, including large-sized ones. With the **ducting system**, you can also distribute heat to other rooms even on different floors, up to 8 metres away.
