

P920T 8,5 kW

Multi Comfort Pellet Stove

The P920 T features an aesthetic steel door to give continuity to its cladding, the Multicomfort to manage temperature with maximum comfort thanks to the remote control with thermostat, and a cast-iron firebox that ensures a long product life. With its 8.5 kW it is the ideal stove for heating rooms up to 90 m². Discover all the colours and features.

Double motor, double comfort

Thanks to the Multicomfort Plus system, stoves equipped with the double Multifuoco Dual Power motor allow for separately managing the two motors **to heat multiple rooms with different temperatures**, set according to personal needs.

Remote management

Modern **pellet stoves can be also be programmed and managed remotely**. When the user is away from home, the ignition and switch-off times can be set through Wi-Fi via the My Piazzetta app. At home, the stove can instead be operated also via Bluetooth, using a smartphone.
