

Camilla, robust and stylish pellet stove.

Simple, robust, safe. Camilla has a thick steel structure, painted steel cladding and airtight firebox, ideal also for passive houses. A great classic among the Superior stoves that still continues to satisfy many people today.

CAMILLA

Forced ventilation pellet stove

Size: 52 x 49 x 96 cm

Heat output: 2.8 - 6 kW

Solid construction. Solid and airtight stove in non-deformable cast iron for excellent durability and thermal efficiency. Elegant and durable painted steel cladding, thick front grille.

Advanced technology. High-performance heat exchanger, self-cleaning glass and brazier, Pellet Quality and Air Combustion functions to optimize combustion and efficiency, Night Mode for a silent heating.

Comfort and practicality. Program and manage your stove with the My Superior App thanks to the standard Wi-Fi device. Ensure prolonged warmth thanks to the large 16,5 kg hopper, containing more than a whole pellet bag.
